

## Giddy-Up!

Just about everyone has dreamed of riding the range, and hundreds of kids have swung up into the saddle and fallen in love with it at Camp Keystone. Now, Keystone Riding Club offers expanded lessons and a fuller horseback riding experience.

With a nurturing, natural approach to horsemanship, our wranglers teach children and teenagers the comfort level and skills to groom, tack and ride their

horse. Bonding with and controlling these majestic animals builds self confidence and life lessons that go far beyond the arena or riding trail.

From beginner to advanced-intermediate, from grade school to middle school, your child will be challenged, fulfilled, and most of all have fun!

Keystone Riding Club lessons are held Monday-Friday from 8:00am-9:00am.

Cost per lesson is \$42 and space is limited. Lessons are confirmed on a first-come, first served basis.

To register, go to [www.campkeystone.com/horseback-riding-lessons](http://www.campkeystone.com/horseback-riding-lessons) and click on the Register Online link. Riders do not have to be campers at Camp Keystone to take lessons. Campers who want to take lessons can take their lessons before their day of camp, or on days they do not attend camp. Please call 818-889-2224 with any questions you may have.

## Keystone Riding Club Skill Levels, Prerequisites, and Course Goals

Each child should wear long pants and close toed shoes with a heel. Equestrian helmets will be provided. If you wish to provide your own helmet, it must be an equestrian helmet. Advanced-Intermediate students will help untack at the end of the day. All students will help feed. Only wranglers will water.
