

2024 Dynamic Camp Programming

Dynamic Camp Programming

Camp Keystone has incredible, dynamic camp programming. Every day is a new day of wonder and fun experiences. Our activities are balanced between classic summer camp activities and our super cool “Keystone exclusive” activities. No other camp has the combination and depth of program and activity resources. And best of all, our camp is situated on a little piece of outdoor heaven in the Santa Monica Mountains with hundreds of old growth trees and acres of green grass. We truly are a real camp, with real fun, making real connections with campers and staff.

How We Schedule Camp Activities

Each day campers experience 6 new camp adventures. Every day includes different activities with the exception of one activity which is a daily staple – swimming in our solar heated Jr. Olympic pool and sliding on our 274’ waterslide! Every camper will be scheduled for swimming and the waterslide daily.

Each week, campers will be scheduled for a balanced combination of activities that include classic camp activities and our “Keystone Exclusives”. Every activity is designed to create shared experiences and promote new friendships and connections. Whether its cheering as your fellow campers launch themselves down the waterslide or sitting under a beautiful tree with your counselor making lanyards, its all done with the spirit of fun and feeling free and happy at camp.

Typically, during a two-week period, campers with a 5 day/week schedule will participate in 15 - 20 unique classic camp activities, 10 Keystone “Big Ticket” activities and 10 interactive games and adventures. In addition to all this fun, every week has a special theme and special events that is the icing on the camp cake that makes camp so special. ***Keep in mind, campers with 2 or 3 day schedules will not experience as many Big Ticket activities during the week as 5 day/wk schedules.***
